How to send files via WeTransfer

Step 1: Visit www.wetransfer.com

Step 2: On the same page click on the plus sign (+) and add the files you want to send. (Here you can also select a folder to upload)

Step 3: After that in Email to, enter print@skyphoto.cc the email address of a person you are sending the files.

Step 4: In the next option enter your email address.

Step 5: In the message option, if you want, you can add a short message.

Step 6: At last simply hit the **transfer button** to transfer files.

You are done now! Your file will be sent through WeTransfer.
